

CERTIFICATE

OF COMPLETION

ADVANCED FINANCIAL MODELLING

THIS CERTIFICATE IS PROUDLY PRESENTED TO

Natalie Duncan

Advanced Financial Modelling course covers the application of best practice financial modelling principals to develop models that are consistent, transparent, and robust. Participants developed modelling techniques to create driver based forecasting of operations, assets and depreciation, debt and equity funding, taxation, portfolio consolidation, valuation and key metrics, model outputs, and independent model review.

3rd & 4th May 2023
